

Report to the Kentucky Library Association Board

Issue 4 of volume 76 (Fall 2012) was sent to Able Quality Printing and to EBSCO on November 1, and is on schedule for delivery to KLA members and subscribers on time (mid-November). Issue 4 is a lengthy, themed issue, on health sciences libraries. We received many more articles than we could publish in one issue, and the selection process was particularly difficult. The deadline for submission of feature articles for the first issue of volume 77 is December 15, 2012 with distribution planned for mid-February, 2013.

At the fall conference, the entire, current editorial board met face-to-face for the first time. Discussion covered the themed issue for Fall and news about columns/departments. The newest column, "Genealogy Gems," continues to garner submissions from authors, and Katherine Pennavaria of Western Kentucky University (who came up with the idea in 2010 and also often writes the column) continues to oversee/edit other "Gems" submissions. Also at the conference, Kentucky State University librarians Amanda Peach and Debbra F. Tate won the *Kentucky Libraries* Award for their article "The Big Pay Back: Making a Case for Urban Lit in Kentucky's Libraries" from the Summer 2011 issue (vol. 75, no. 3).

The editorial board was made up of the following four outstanding librarians who worked hard to maintain high standards while making sure the journal was published on time: :

Carol Brinkman, Kornhauser Health Sciences Library, U of L
Holly Hedden, Warren County Public Library
Johan Koren, College of Education, Murray State University
Katherine Pennavaria, Western Kentucky University—Glasgow Campus

The deadline and distribution schedule follows:

December 15 for the Winter Issue, published in mid-February
March 15 for the Spring Issue, published in mid-May
June 15 for the Summer Issue, published in mid-August
September 15 for the Fall Issue, published in mid-November

Respectfully Submitted,
Robin R. Harris, Editor
